AD – ADVANTAGES

Enviroguard Bird Spike Systems provide a very effective, low-cost way of deterring birds from perching and roosting.

The spikes come with either a 10 or 12 year guarantee, depending on whether you use Polycarbonate, or Stainless Steel spikes.

Easy to install using Enviroguard's professional silicone spike adhesive, or screw or nail onto the surface, in the holes provided.

DAD - DISADVANTAGES

Not suitable for heavy pressure areas.

UA – USES, APPLICATIONS

Bird Spikes can be used to control a wide variety of architectural bird problems caused by Pigeons and Seagulls.

A professional range is available in either narrow, medium or wide manufactured from stainless steel or a budget range manufactured from polycarbonate. The range of spikes mean you can use different sizes in conjunction with each other to ensure you have the whole ledge protected.

Used for protecting ledges, gutters, beams, pipes, signs etc.

For heavy pressure areas use Enviroguard's Bird Netting.

AI – Assembly, Instructions

Bird Spikes are provided in 3 x 33cm strips per metre. Simply glue the polycarbonate base directly to the ledge using Enviroguard's Silicone Spike Adhesive, or screw or nail the base directly to the ledge.

For detailed installation guidelines please refer to our instruction manual, which can be downloaded on www.birdcontrol.uk.com

MF – MATERIALS, FINISHES

Budget plastic pigeon spikes are made from UV stabilized polycarbonate. Professional Stainless Steel Spikes are made from a UV stabilized polycarbonate base with 304 grade stainless steel wires.

TS – TECHNICAL SUPPORT

Enviroguard's staff are all fully trained and are available Mon-Friday 9am – 6pm to provide full telephone support.

SPECIFICATION GUIDELINES

GENERAL

1.1 DESCRIPTION

1.1.1 Install Enviroguard's Bird Spikes on exposed or protected ledges where birds roost, nest, perch or simply cause a nuisance.

1.2 QUALITY ASSURANCE

1.2.1 Obtain technical literature from supplier, telephone consultation and plan/photograph evaluation.

1.2.2 Utilize Enviroguard's approved installers, (call for details) or other certified installation companies in your area who carry the proper insurance coverage.

1.3 SUBMITTALS

1.3.1 Submit manufacturer's samples and other descriptive material.

1.4 PRODUCT HANDLING

1.4.1 Protect Bird Spikes from damage before, during and after installation.

1.4.2 If damage occurs to the Bird Spikes, make all replacements immediately.
